■ For day of arrival

The first day is the perfect time to communicate with your students and ask about food preferences.

■ For day of departure

If you have an early departure time for the students, it is advisable for you to give a 'breakfast to go' option For students that prefer a lighter/healthier option you could provide a yogurt with cereal pot or a croissant/Brioche with spread or cheese. Just add a carton of juice or water to wash it all down with.

■ Helpful Tips:- All major supermarkets offer a good range of Gluten Free bread and pasta. Also look in the freezer section for breaded fish & chicken and pizza's. Also try frozen desserts for ease. Betty Crocker and Mr Kipling offer cakes and mixes. **JUST REMEMBER TO CHECK THE INGREDIENTS ON THE LABEL**
